## ONE SEAT IS VACANT

ELEVEN MEN CHOSEN TO SERVE  
ON THE JURY THAT WILL  
TRY HARRY THAW.

LINE OF DEFENSE A SECRET

NOR IS IT KNOWN WHAT GROUND  
DISTRICT ATTORNEY JEROME  
WILL COVER.

New York, Jan. 31.—There was but a single vacant chair in the Thaw jury box when court adjourned for the day and it is expected that in the afternoon District Attorney Jerome will begin his opening address to a completed jury. Then the defendant, his wife and members of his family must listen to the story of the roof garden tragedy told as impressively as lies within the power of the prosecuting officer to portray it.

The ground the district attorney will cover has not been disclosed. Just how far back he will delve into the history of the principals no one but Jerome knows. It has been intimated authoritatively that the direct evidence of the prosecution will be of the briefest possible character, dealing only with the incidents leading up to the killing and the story of the tragedy itself as seen by eye-witnesses. One or two witnesses may be heard as to the alleged motive for the crime. It remains for the defense to open the way to testimony which has to do with any relations which may have existed between Stanford White and Evelyn Nesbit prior to the slaying of the architect. Thaw's attorneys probably will reserve their opening until the state has finished its case.

### Eleven Jurors Selected.

Two jurors were added to the trial panel during the day, making eleven in all. In an effort to complete the jury the attorneys exhausted the second special panel of talesmen. A new panel of 100 was ordered. The twelfth juror should be in the box before recess. Sixty-five talesmen were examined during the day. The highest number on any previous day was fifty-one. Following the precedent of the past four days one juror was secured during the morning session and one near the close of the afternoon sitting.

Harry C. Brearley, an advertising agent, thirty-five years old and married, was the first talesman to qualify. He took his place at juror No. 6, the chair made vacant by the dropping of Harold R. Faire from the panel.

The afternoon juror, Henry I. Kleinberger, a silk merchant, forty-two years old and married, said he knew very little about insanity and would have to be guided by the instructions of the court in arriving at a conclusion on such a plea. He did not think his judgment would be unduly swayed by sympathy or emotion.

The manner in which Thaw's attorneys dwell upon insanity seemed to indicate that a plea of temporary insanity will eventually be entered. In developing the claim that Thaw was insane at the time of the tragedy, the defendant's attorneys may bring in such details as they and the prisoner believe will influence the sympathy of the men who may have an undefined belief in the so-called "unwritten law."

There is much speculation as to what course Mr. Jerome will pursue if Thaw's counsel begin to develop such a plea. He is prepared to combat their alienists but there is a possibility that he may bring the proceedings to an abrupt halt and apply for the appointment of a commission to decide whether the defendant is insane. Or he may let the matter be fought out in open court, expert for expert. In that event the trial will drag to a great length.

### Indians Ambush Mexicans.

El Paso, Tex., Jan. 31.—A party of Mexicans was ambushed by Yaqui Indians at Suaqui, Sonora, Mex. Two Mexicans were killed and several wounded. Small bands of Yaquis are roaming over Lower Sonora, attacking Mexican camps and haciendas.

### Brewing Plant Burned.

Chicago, Jan. 31.—The plant of the White Eagle Brewing company and an adjoining dance hall were practically destroyed by fire at night, entailing a loss estimated at \$100,000. A fireman was seriously injured by falling from a ladder.

### Actor Killed at Chicago.

Chicago, Jan. 31.—John D. Rockefeller, an actor, was killed on the stage of a theater here when a Gatling gun, which was used during a matinee, fell on him and fractured his skull. Rockefeller was assisting to remove the gun from a temporary platform.

## SATISFACTORY TO ALL

BELIEVED SOLUTION OF JAPANESE SCHOOL QUESTION  
WILL BE REACHED.

WHITE HOUSE CONFERENCE

CALIFORNIA CONGRESSMEN DISCUSS THE MATTER WITH  
THE PRESIDENT.

Washington, Jan. 31.—After two hours' conference at the White House at night regarding the Japanese question on the Pacific coast, the California delegation in congress authorized the following statement:

"The California delegation had a very full and harmonious discussion with the president, the secretary of state and the secretary of the navy on the serious question relating to the Japanese on the Pacific coast. The character of the discussion leads us to feel confident that a solution will be reached satisfactory to all concerned."

"The result of the meeting is that the delegation has telegraphed to the president of the San Francisco board of education and the superintendent of schools to come to Washington at once for a conference with the president and secretary of state."

The treaty between the United States and Japan will expire March 12. President Roosevelt has heretofore assured the members from California that he would endeavor to form a new treaty which would meet their entire approval and at the same time prove satisfactory to the Tokyo government. The Californians have insisted on an exclusion act to bar Japanese coolies out of the United States, but it is hinted that they have practically agreed to

### Waive This Demand

and leave it to President Roosevelt to negotiate a convention which will keep Japanese coolie labor out of this country. Japan has made it clear that she will only consider a treaty that is mutual and what concessions this government has been asked to make have not been made public.

It is admitted at the Japanese embassy that Viscount Aoki, the Japanese ambassador, has discussed the proposed treaty with the president and that they are in perfect accord. The second secretary of the embassy, Mr. Hanibara, refused to say what concessions had been promised by this government or what would be satisfactory to the Tokyo government. He stated, however, that Japan does not encourage her laborers to come to this country.

Members of the California delega-

tion have been pledged to secrecy and refuse to talk of the matters discussed with the president. The statement was given out by Representative Hayes and was prepared in the president's office and approved by Mr. Roosevelt.

### Asked to Defer All Action.

Sacramento, Cal., Jan. 31.—Governor Gillette has received a telegram from Washington signed by the California delegation urging him to ask the legislature to defer all action on Japanese matters. The governor has left for San Francisco.

### IN FAVOR OF THE CITY.

Philadelphia Judge Decides Suits  
Against Contractor.

Philadelphia, Jan. 31.—Judge Beidler has handed down a decision for the city in the suits against D. J. McNichol & Co. to recover \$5,000,000 which it was alleged had been fraudulently received by the firm on contracts for the construction of the city's filtration plant. The members of the firm at the time the original contracts were awarded were Mrs. McNichol, wife of State Senator James P. McNichol; Israel W. Durham, the Republican leader; John M. Mack and D. J. McNichol. Sixteen contracts amounting to about \$10,000,000 were involved.

Judge Beidler declared null and void five contracts aggregating \$2,745,462, which were awarded when Senator McNichol was a member of the councils, which bodies ratified the contracts. He decided that they were obtained illegally, sustaining the contention of the city that Mrs. McNichol and D. J. McNichol were never more than figureheads in the firm. The court instructs the contractors to give an accounting of the actual cost of material and work done on these contracts and to refund to the city any profit.

### WEALTHY MERCHANT SUICIDES.

Had Been Accused of Arson by Chicago Police.

Chicago, Jan. 31.—Edward P. Langworthy, attorney for William R. Wiebolt, the wealthy merchant and board of trade operator, has informed the police that Wiebolt, who has been missing for several days, had thrown himself into the lake. His daughter, who has also been missing, was said by the attorney to be secluded with friends in this city.

It was claimed by the police that Wiebolt had set fire to a store which he operated in the northern part of the city and they have been looking for him. According to Langworthy Wiebolt jumped into Lake Michigan, near Lincoln park, at about 9 o'clock Saturday night. His daughter Martha, between whom and her father there existed a strong attachment, pleaded with her father to let her die with him, but he refused and insisted that she live to defend his memory. According to the statement made by Mr. Langworthy Wiebolt, before committing suicide, declared that he did not attempt to burn his store, but said that it was useless to attempt to live it down.

### UNDESIRABLE IMMIGRANTS.

Mexico Asked to Assist in Keeping Them From Crossing Border.

Mexico City, Jan. 31.—The Mexican government has been formally requested by the United States to aid the latter in preventing undesirable immigrants from crossing into the United States. The American ambassador here has directed a note to the Mexican government calling attention to the influx into the United States of numerous Assyrians who are disembarked at Vera Cruz by French and German boats and then go to the Northern Mexican frontier with the very probable intention of trying to get across the border. The question of stopping this has long been under consideration by the Washington authorities. Especially undesirable immigrants are said to try to enter the United States by this route, knowing that it would be impossible to do so through any of the Atlantic ports. Many are afflicted with trachoma. The communication from the embassy, it is said, refers to immigrants with infectious disease. What action the Mexican government will take is not known.

### Shaw Talks on Bonded Factories.

Concord, N. H., Jan. 31.—Secretary Shaw spoke before the New Hampshire Board of Trade here on "A Foreign Market for American Labor." During his address Secretary Shaw developed an idea of bonded factories on a large scale.

### DEED OF INSANE MAN.

Attempts to Burn Town; Then Shoots Four of His Pursuers.

New Martinsville, W. Va., Jan. 31.—Claiming that God had instructed him to burn the town of Smithfield, W. Va., thirty miles from here, a man who gave the name of Harry Howard was arrested there as he was emerging from the Bane hotel. It was ascertained that an attempt had been made to fire the hotel and at the same time three other buildings. The fires, however, were extinguished with small loss.

Howard resisted arrest and before he was captured shot four men, two of them, it is said, receiving fatal wounds.

After he had been placed in the lockup a mob attacked the building for the purpose of lynching him, but the crowd was driven off and later Howard was secretly brought to the county jail here. The men wounded by Howard were Earl and Grover Hildebrand, W. H. Smith, chief of police, and Charles Edgell, constable.

### Mexican Rebels Escape.

El Paso, Tex., Jan. 31.—Twenty-three Mexican revolutionists under sentence to imprisonment from five to eight years were released from jail at Monterey, Mex., by sympathizers. The jail was dynamited, tearing away a portion of the wall, and through the opening the prisoners escaped.

One Year Strictly in Advance.....Four Dollars

THURSDAY, JANUARY 31, 1907.

**Weather**  
Forecast—Fair except snow east portion tonight Friday fair and colder.

A NEWS item says that China can furnish coal at the mine at 25 cents a ton. We will take a half ton.

SATURDAY is ground hog day and we will soon know whether we are to have six weeks more of it or not.

THE "Moose" must have done something terrible to the Bemidji Pioneer in the bygone days judging from the roast that paper gives him every time his name is mentioned. Bro. Bernard is drawing a nice fat salary down at Washington now and hobnobbing with the "quality" and he can afford to let some of his old time enemies kick.

THE 84 counties of the state are about to receive for the first time their apportionment from the good roads fund which is in the hands of the state highway commission. Each county will receive something, the basis of distribution being the area, road mileage and assessed valuation. This will be the first occasion where the counties will have received monetary aid from the hands of the state highway commission, the legislature heretofore having appropriated bits here and there as the occasion demanded.

## LOCAL NEWS NOTES.

J. D. Sheedy, of Austin, Minn., representing the Alliance Insurance Co., of Austin was in the today settling a couple of policies on the Citizen's State bank and the fixtures. Mr. Sheedy states that the job of saving the fixtures done was the best he ever saw in his experience as an adjuster.

Some people call coughing barking. I see no reason why they should do either one or the other and they never would if they would only get a bottle of Skauge's never cough, a medicine which never fails to break up the worst cold going. No cure, no pay. Skauge the Laurel street druggist guarantees it. 187tf

The home of Mrs. C. Poppenberg was the scene of a very pleasant surprise on Tuesday evening, when about thirty of her friends gathered at her home, the occasion being her 25th anniversary. The ladies furnished a bounteous lunch, and during the evening the lady was presented with a handsome center table. It was a genuine surprise and the evening was enjoyed in a very pleasant manner. When the guests departed Mrs. Poppenberg extended her sincere thanks to all for their kindness and for the beautiful remembrance.

## ROASTS THE OCTOPUS

### COMMERCE COMMISSION SENDS REPORT TO CONGRESS ON OIL INVESTIGATION.

Washington, Jan. 31.—The interstate commerce commission has sent to congress a report of the investigations made by it under the Tillman-Gillespie resolution concerning the relations of common carriers by rail to the production and distribution of oil. The report covers the distribution of petroleum and its products east of the Mississippi river and, incidentally, the Kansas and Texas fields. The report points out generally the methods by which the Standard Oil company "has built up and perpetuated its monopoly and the relations of transportation agencies to that monopoly." It is asserted that "the ruin of its competitors has been a distinct part of the policy of the Standard Oil company in the past, systematically and persistently pursued."

### FUNERAL OF SENATOR ALGER.

Remains of the Late Secretary of War Laid to Rest.

Detroit, Jan. 31.—It was distinctly a soldier's funeral that was held over the body of the late United States Senator Russell A. Alger, who died suddenly last Thursday in Washington. There were delegations present from congress and the state legislature, with the state of Michigan and the city of Detroit fully represented.

Upon the flag which covered the coffin as it was borne from his late home to the hearse, was laid the little worn Bible that General Alger had carried through the Civil war. At the mausoleum, senators, clergy and friends stepped aside to accord to the deceased soldier's comrades of the Civil war the honor of saying the last words of respect and affection in the committal ritual of the Grand Army of the Republic.

The funeral services were held at 2 p. m. at the dead senator's home on Fort street. The coffin rested at the rear of the main hall, which was banked with flowers from floor to ceiling.

The services, which were very simple, consisting only of prayer, scripture reading and a benediction, was read by Rev. F. H. Pence, pastor of the Fort street Presbyterian church. The choir of the Fort church sang the hymn, "Lead Kindly Light."

The procession from the late senator's residence to Elmwood cemetery was led by a military escort. Thousands of people lined the sidewalks as the procession passed to Elmwood cemetery.

The G. A. R. burial ritual was exemplified at the tomb by Fairbanks post and "taps" were sounded by Major James D. Elderkin, a veteran of the Mexican and Civil wars. Major Elderkin's notes were taken up and echoed by buglers of both the regulars and the national guard and the obsequies closed with three volleys from the firing squad.

### River Continues to Fall.

Evansville, Ind., Jan. 31.—The river continues to fall here and now stands 45.2 feet. Conditions along the Wabash river are greatly improved.

THE DAILY DISPATCH brought to your door for only 40 cents per month

## DEERWOOD NOTES

Ester Shallman returned from Aitkin Thursday.

Christene Skanen returned from Aitkin Wednesday.

T. F. Cole, of Brainerd, was in town on business Sunday.

Misses Emma and Clara Howe were Aitkin visitors on Tuesday.

Mrs. E. R. Mason made a shopping trip to Brainerd on Friday.

The Ladies' Aid society will meet with Mrs. Wm. Reid Wednesday, Feb. 6th.

Dame Rumor has some matrimonial gossip on foot again. How about it, C?

Andrew Olson, of Brainerd, visited his parents, Mr. and Mrs. Christ Olson, Sunday.

Ed. Rhodes and Anton Oberg transacted business in Brainerd Wednesday between trains.

John Hoving, of Fergus Falls, has been attending the funeral of his father, Andrew Hoving.

Ed. Rhodes left Monday for his old home at Dardeune, Mo., where he will stay for the winter.

Harry Patterson left for the north Friday to examine some land for an eastern land company.

Rev. Parish was entertained at supper Tuesday evening at the home of Mr. and Mrs. P. K. Wetzel.

There has been some talk of starting a whist club. We understand that something to that effect is already on foot.

Miss Hannah Paulson, of Brainerd, will be the guest for a week at the home of her relatives, Mr. and Mrs. Christ Olson.

The Ladies' Aid met with Mrs. E. R. Mason last week and in spite of the snow and cold a large number were in attendance.

Mrs. Frank Gormly and children, of Duluth, who has been visiting with her parents, Mr. and Mrs. Patterson, returned Tuesday.

Invitations are out for a reception to be given by Mr. and Mrs. C. G. Theorin in honor of the marriage of their daughter Hannah to Julius Brandt.

C. M. Boss, of Brainerd, is in town having three cars loaded with timbers, etc., from the Oliver Mining company's shaft at Rabbit lake, which will be shipped up on the Mesaba range.

Mr. and Mrs. Robert Archibald gave a supper to about forty of their neighbors and friends Monday, Jan. 28th. A very enjoyable time was spent and everyone seemed to do justice to the spread.

Mr. and Mrs. John Southworth entertained some friends on Saturday evening at a whist party. A very enjoyable time was spent and after lunch all departed they had a royal time and departed for their homes in the "wee sma" hours.

One of our Deerwood pioneers, Andrew Hoving, left this world of toil and hardship Saturday and his remains were laid to rest in the Scandinavian cemetery Tuesday. The funeral services were conducted by Rev. J. Parish at the M. E. church. He was born in Sweden in 1869 came to America in 1875 and settled in Michigan, Mich. In 1879 he moved to Deerwood, Minn., with his family, where he took up a homestead, where he lived until four years ago, since which time he has made his home with his daughter, Mrs. George Merriott. His wife died two years ago, and he leaves four children to mourn his loss, John Hoving, Fergus Falls, Peter Hoving, Iron Mountain, Mich., Mrs. Chas. Rasch, California and Mrs. George Merriott, Deerwood. A large number of citizens extend their sympathies to the family.

For any pain, from top to toe, from any cause, apply to Dr. Thomas' Electric oil. Pain can't stay where it is used.

### FOUR MEN KILLED.

Thirty Others Injured by Explosion of an Ice-making Machine.

Chicago, Jan. 31.—Four men were killed, thirty injured and several driven temporarily insane when an ice-making machine in the refrigerating plant of Armour & Co. in the Union stock yards exploded with terrific force.

Stiffing fumes of ammonia filled the room within a few seconds after the main through which they were being forced had broken, and before the men had time to drop their tools and run for places of safety they were overcome by the noxious vapors and fell unconscious to the floor.

The report of the explosion was heard for almost a mile, and workmen from all parts of the stock yards ran to the refrigerating plant to rescue those imperiled within. Some wrapped coats about their heads and attempted to enter the building, and while many were driven back, others gained entrance, only to succumb to the ammonia fumes.

Emergency calls were sent to the stock yards police station and neighboring fire departments and every available police patrol and ambulance on the South Side was hurried to the place.

By the time the police arrived, some of the workmen were running about the yards in a crazed condition and others were groping about helplessly in an effort to escape from the chamber of death. Men were lying everywhere on the floor, many of them making feeble attempts to drag themselves to the pure air.

## THREATENED TO QUIT

FRENCH MINISTER OF EDUCATION IS OFFENDED BY REMARKS OF PREMIER.

## APOLOGY ENDS THE AFFAIR

CHAMBER OF DEPUTIES ADOPTS PUBLIC MEETINGS BILL BY A BIG MAJORITY.

Paris, Jan. 31.—The chamber of deputies adopted the public meetings bill by a vote of 550 to 5. During the debate Minister of Education Briand left the chamber and threatened to resign. This came about because M. Clemenceau, the premier, during a reply to criticisms voiced by M. Jaures, the Socialist leader, on what he termed the "present imbroglio," admitted that incoherence existed, but said that he, the premier, although not responsible therefor, intended to stand by his colleagues. M. Briand thereupon retired to the lobby, fully determined to give up his portfolio, as he considered that the premier's remarks referred directly to him.

After repeated efforts on the part of his colleagues, M. Briand consented to reconsider his decision, and he finally returned to the chamber with M. Clemenceau. The premier expressed regrets from the tribune for what he called a pure slip of the tongue, and declared that he regarded M. Briand as indispensable for the carrying out of the great reform undertaken by the government.

The resumption of the debate afforded the premier opportunity to make a further explanation of the government's attitude toward the bishops' declaration, which he designated as "an insolent ultimatum." Continuing, M. Clemenceau said: "If the episcopate considers this a basis for negotiation, we do not respond. The bishops will not obtain anything beyond the common law. We will not concede anything but we will hold the line of battle with unexhausted resources."

### ALL HOPE ABANDONED.

Five Baltimore Men Supposed to Have Perished in a Storm.

Baltimore, Jan. 31.—With the return of the city tug Baltimore from a two-days' fruitless search for five men who have been missing for ten days all hope for them has been abandoned. The disappearance of the men came as a climax to a day at a fishing shore which they owned jointly. In the evening the men embarked in a small boat and started to row to the terminus of the Bay Shore car line. A strong northwest wind was blowing, and an hour later they were seen far out in the bay struggling against the wind and sea. Three of the men are named Lorber and two of them named Sauer. All were residents of Baltimore.

### WORK OF ROWDIES.

Sulphuric Acid Thrown Into Banquet Hall of Students.

Appleton, Wis., Jan. 31.—After throwing sulphuric acid into a banquet hall that had been darkened by the cutting of the electric wires and burning five of a party of 130 Lawrence university students at a hotel at Kaukauna, several Kaukauna rowdies kidnapped Leland Nye and were applying a coat of tar to him when interrupted by policemen and other students. The college students had driven to Kaukauna for a banquet. The students who were burned with the acid are:

Henry Steepes of Eureka, Burk Lawton of Twin Bluffs, Miss Hazel Tauton of Edgerton, J. Lundy of Milwaukee and Leland Nye of Thorpe.

### FREIGHT ENGINE EXPLODES.

Kills Two Men and Demolishes an Entire Train of Cars.

Fort Wayne, Ind., Jan. 31.—Pennsylvania railroad engine No. 7957, pulling a freight train, exploded twelve miles west of here, killing two men, seriously injuring another and practically demolishing the entire train of twenty empty stock cars.

The freight train was running about thirty miles an hour when the boiler blew up. Engineer W. C. Bender was killed and Fireman Ervin Lowe was terribly bruised and scalded, dying within an hour. The head brakeman, B. J. Hogan, who was riding on the engine, was seriously injured.

### EARTHQUAKE IN ILLINOIS.

Every Building in Vandalia Shaken by the Shock.

Vandalia, Ill., Jan. 31.—Every building in Vandalia was shaken by an earthquake at 11:30 p. m. Many persons were aroused from deep sleep. The shock was accompanied by a loud rumbling.

### Carnegie's Offer Accepted.

Washington, Jan. 31.—At a meeting of the governing board of the International Bureau of the American Republics a resolution was adopted accepting the offer of Andrew Carnegie to donate \$750,000 for the erection of a permanent home for the bureau in this city. The building probably will be located near the state department

# January Clearance Sale!

With a winter that would nip a flower a thousand miles away, and with the mercury going down as if it had a stone tied around its neck, there is still time for buying winter merchandise. People whose clothing is getting a little thin for this solid weather, can still buy of us at very low prices.

There are many things in many departments in this store which are still too bulky for this time of the year. Every yard, piece and garment of winter merchandise must go. Prices have been cut and cut again—'till now all vestage of profit for us has disappeared. There is winter to come—plenty of it. There are needs in all sorts—supply your needs now at a saving of from 20 to 50 per cent. We can't give you items here—there are too many of them. Come to our store and look the bargains over and you will be more than paid for your trouble.

**Wise Counsel From the South**

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at H. P. Dunn & Co.'s drug store. Price 50c.

**DEATH LIST REACHES TEN.**

Result of Bursting of Ammonia Pipe in Armour Plant.

Chicago, Jan. 31.—The list of dead as a result of the bursting of an ammonia pipe in the stock yards plant of Armour & Co., reached a total of ten by the deaths of four of the injured. There have been seven deaths at the hospital where those overcome by the fumes have been cared for. Three men were killed when the accident occurred.

# COLD BUT NOT THE COLDEST

## Month of January has Been One Of Severe Cold but Others Have Exceeded It

SO SAYS ST. PAUL DISPATCH

Figures for St. Paul will Apply  
Approximately to Conditions  
In Crow Wing

The month closing today has been the coldest in several years but has not been nearly so cold as several in the history of the St. Paul weather bureau according to the St. Paul Dispatch. January 1888 has the record in the matter of average low temperature. That year the average low temperature was 10 degrees below zero. This year it was 1 degree above. The past month has seen 13 days when the mercury went below zero at St. Paul, while in 1905 it went below the cipher on sixteen days. The lowest recorded this month at St. Paul was 20 below, the lowest here was reported around 30 below, the thermometers varying several degrees, with probably that figure about an average.

January 21, 1888, has the record as a cold day since the establishment of the St. Paul weather office, the mercury freezing up and the spirit thermometer showing 41 degrees below. The record was the culmination of the coldest continuous "spell" of weather in the history of the weather bureau. The thermometer dropped to 13 degrees below the 8th and continued to drop every day up to the 21st, when it reached 41.

The assertion that as the days shows to lengthen the cold begins to strengthen is given a black eye by the weather bureau whose records show that while the first half of February may be very cold the average for the month is warmer and often much warmer than in January. The average for 36 years being four degrees difference.

January 1898 has the high record, only one day, the first, going below zero and that only to 2 below.

During the past twenty years St. Paul has had nine spells of weather, two in February and seven in January, when the mercury went below zero for 11 or more consecutive days.

Cured of Lung Trouble

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at H. P. Dunn & Co's drug store, 50c and \$1.00. Trial bottle free.

This is Worth Saving

The following simple home-made mixture is said to relieve any form of rheumatism or backache, also cleanse and strengthen the Kidneys and Bladder, overcoming all urinary disorders, it taken before the stage of Bright's disease: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after meals and at bedtime.

A well-known authority states that these ingredients are mainly of vegetable extraction, and harmless to use, and can be obtained at small cost from any good prescription pharmacy. Those who think they have kidney trouble or suffer with lame back or weak bladder or Rheumatism, should give this prescription a trial, as no harm can possibly follow its use, and it is said to do wonders for some people.

"SHAWN AROON"

Popular Irish Play to be Presented at  
Opera House St. Patricks' Day by  
the Catholic People

The annual St. Patricks Day entertain-  
ment has long been one of the in-  
stitutions of St. Francis Catholic church.  
This year Father O'Mahoney has de-  
cided upon the production of the Irish  
drama, "Shawn Aroon," which will be  
produced under the management of  
Charles E. Wilson, assisted by H. P.  
Dunn. Wm. E. Fox, manager of the  
opera house and a professional actor of  
ability, will be in the cast as will the  
best amateur talent in the city. Ar-  
rangements will be made in a few days  
for casting the play and the work of  
preparation will then be taken up. The  
entertainment will doubtless be one of  
the best amateur productions ever seen  
in Brainerd.

Always to be Depended Upon

When a person gets up in the morn-  
ing with a dull headache and a tired,  
stretchy feeling, it is an almost certain  
indication that the liver, or bowels, or  
both are decidedly out of order.

At such times nature, the wisest and  
best of all doctors, takes this means to  
give warning that she needs the help  
and gentle assistance which can best  
be obtained from that old family remedy,  
Brandreth's Pills, which has been in  
use for over a century.

They are the same fine laxative tonic  
pill your grandparents used, when doc-  
tors were few and far between and when  
people had to have a remedy that could  
absolutely be depended upon.

Brandreth's Pills can be depended upon  
and are sold in every drug and medi-  
cine store, either plain or sugar-coated.

Doan's Regulets cure constipation  
without griping, nausea, nor any weak-  
ening effect. Ask your druggist for  
them. 25 cents per box.

SOCIALISTS KILL A BANDIT.

Execute Man Who Tried to Rob a  
Bank at Warsaw.

Warsaw, Russian Poland, Jan. 31.--  
Socialists executed a bandit who  
made an unsuccessful attempt to se-  
cure \$500 from the Commercial bank  
of Warsaw.

The man entered the bank and  
asked the director to give him \$500.  
His request was refused, whereupon  
the man sat down in the waiting room  
and announced his intention of remain-  
ing there until he received the money.  
The bank officials feared to ask the  
police for help and therefore allowed  
him to stay. A Socialist member of  
the bank's staff, however, called up  
Socialist headquarters on the tele-  
phone and explained the situation.  
Two men from headquarters at once  
came over to the bank. They ap-  
proached the man in the waiting room,  
quickly threw a sack over his head,  
and then blew out his brains with a  
revolver. The police have not inter-  
fered with the men who did the kill-  
ing.

TELEGRAPHIC BREVITIES.

Edmund E. Price, for two score  
years well known as a criminal law-  
yer, is dead in New York city.

The crest of the flood stage of the  
Ohio river has been reached at  
Shawneetown, Ill., and the river is  
receding rapidly.

The first ball under the provisional  
government was given by Governor  
Magoon at the palace in Havana  
Wednesday night.

Charles L. Stevens, grand master of  
the Michigan grand lodge, Free and  
Accepted Masons, is dead of heart  
disease at Detroit.

Jimmy Potts of Minneapolis and  
Kid Farmer of Peoria, Ill., went ten  
fast and furious rounds to a draw at  
Minneapolis Wednesday night.

Secretary Taft has authorized the  
superintendent of the West Point mili-  
tary academy to take the entire corps  
of cadets to the Jamestown exposition.

# ARE SUFFERING IN DULUTH

## Former Brainerd Family Said to be in Destitute Conditions in Zenith City

UNABLE TO GET WORK THERE

Seven-year-old Edward Vincent  
Seeks Job in Creamery Be-  
cause Father is Idle

According to the Duluth Herald of  
Wednesday the Vincent family, who  
left Brainerd recently are suffering in  
the Zenith city, and incidentally the  
item shows that Brainerd is a better  
place for a laboring man than Duluth.  
However there are some who say work  
was not a strong trait of the elder Vin-  
cent while here. The Herald says:  
"Seven-year-old Edward Vincent,  
thinly clad, carrying a card in his pocket  
with his address on it in order to pre-  
vent it from being lost, is in no danger  
of being brought up for vagrancy dur-  
ing his life if he maintains his present  
addiction to work."  
"For several days past Eddie has been  
persistently hanging around Bridgeman  
& Russell's creamery demanding a job.  
He wanted a job and he wanted it bad,  
but he wanted it at the creamery, and  
he was going to get it at the creamery  
or die in the attempt."  
"Thinking that the youngster ought  
to be in school the humane officer was  
notified, and the boy was taken to his  
home as indicated by the card in his  
pocket."  
"The Vincent family was found in des-  
titute circumstances, owing to the in-  
ability of Mr. Vincent to get work since  
his arrival here from Brainerd about  
two months ago, and they were unable  
to send the three children, a girl of 15  
and two boys of 12 and 7 years of age, to  
school. The children were taken to  
the humane office yesterday afternoon  
and fitted out comfortably in clothes,  
and the wants of the family generally  
provided for."

The right Name

Mr. August Sherpe, the popular over-  
seer of the poor, at Fort Madison, Ia.,  
says: "Dr. King's New Life Pills are  
rightly named; they act more agreeably,  
do more good and make one feel better  
than any other laxative." Guaranteed  
to cure biliousness and constipation.  
25c at H. P. Dunn & Co's drug store.

CONTRACT NOT AWARDED.

Canal May Yet Be Constructed by the  
Government.

Washington, Jan. 31.—The following  
statement was made public at the  
White House by Secretary Loeb:  
"Reports in the papers seem to in-  
dicate a belief that the canal contract  
has been conditionally awarded to Mr.  
Oliver. This is not so. No decision  
has been made even that the contract  
will be awarded to any of the bid-  
ders. Mr. Oliver's bid was so hope-  
lessly defective that it could not be  
even considered and time was given  
him to complete it in shape that will  
enable it to receive consideration. If  
it is put into such shape it will be  
considered together with the bid al-  
ready made by the Gillespie-Mac-Ar-  
thur combination, which may itself be  
altered and then whichever bid, after  
the most careful examination, seems  
most advantageous may be taken, or  
both bids rejected and the canal be  
constructed under the direct super-  
vision of the government. In such  
case the government would, wherever  
it chose, use contractors simply as  
agents. The real object in contract-  
ing the work is to have assembled a  
large number of the best specialists  
in each class of work and the prime  
consideration would be ability and fit-  
ness shown in a variety of directions  
by the men making the bid. The  
president and the commission would  
not even consider a bid of merely one  
or two men. The work is already go-  
ing on well. Over 500,000 cubic yards  
were taken out of the Culebra cut in  
January and the amount being taken  
out is steadily increasing."

REVIVAL MEETINGS CLOSED

A Deeply Impressive Farewell Service---  
Hundreds Testify Being Helped to a  
Better Life

As was expected, standing room was  
at a premium last night in the taber-  
nacle to listen for the last time to Dr.  
Riley and Professor Martin and the  
chorus choir, and those who were pres-  
ent saw a sight that moved them, while  
those who have been in a critical mood  
during the campaign felt that spirit  
leave and give away to praise for the  
great good which has been accom-  
plished.

LARGEST AFTERNOON AUDIENCE

The afternoon audience yesterday  
looked more like an evening attendance,  
so large was it, and so deep was the in-  
terest shown in what Dr. Riley had to  
say relative to, "Husbanding the Re-  
sults of a Revival," that the service sent  
all away to help and nourish those who  
are just starting out in the way of  
Christian discipleship.

TREMENDOUS AUDIENCE

For fully one hour before the service  
commenced last night, the people began  
to enter thru the doors of the taber-  
nacle determined to have a seat and  
take part in what proved to be a won-  
derful service. When Dr. Riley rose to  
preach, every seat in the choir was  
taken, while every available seat and  
standing room was occupied in the  
great building, and many who could  
not stand the crush had to leave the  
building.

Just before Dr. Riley commenced,  
Rev. Allin took his stand upon the  
platform and read a set of resolutions  
which had been prepared by the Brain-  
erd Ministerial Association together  
with prominent laymen of the city,  
which were passed with great enthu-  
siasm by a rising vote; particularly the  
resolution touching civic righteousness,  
which received a unanimous rising vote  
and was passed with hand-clapping, and  
out of which is promised to come a Civic  
League to be known as the Brainerd  
Civic League, comprising in its mem-  
bership the clergymen and prominent  
laymen of the city which will be formed  
at once and proposes to play a promi-  
nent part in the future politico-econ-  
omic and moral status of the city's wel-  
fare.

PLEA FOR CHURCH MEMBERSHIP

The sermon of Dr. Riley's last night  
was an earnest plea for church mem-  
bership and the power of church orga-  
nization. And when he had delivered his  
message, but very few men and women  
who are detached from the churches of  
Brainerd could offer any excuse for not  
identifying themselves with some branch  
of the church of Christ. Of course, as  
was expected, Dr. Riley plead particu-  
larly with those who had started to live  
the Christian life during the last month  
and whose future the Doctor had speci-  
fically in mind. The entire discourse  
proved a convincing argument in favor  
of church membership.

THE CHRISTIAN CIRCLE FORMED

After the sermon, Dr. Riley asked that  
all those who had been converted dur-  
ing the services to form into a circle  
around the aisles of the tabernacle.  
From every part of the great building,  
old and young of both sexes rose and  
formed a single file down all the aisles,  
the circle being at some places double  
as the several hundreds, after the aisles  
had been cleared, joined hands and to-  
gether with the audience sang, "Blest  
be the tie that binds," while very few  
eyes were dry at the scene.

While the circle was thus standing,  
the evangelist gave his last earnest ex-  
hortation to those who had not alread-  
y entered into the Christian lives, and  
many went forward to give Dr. Riley  
and Professor Martin the hand of  
Christian fellowship.

The great revival which has been car-  
ried on so successfully for the past  
month, a month of the severest weather  
for many years, closed with the pathetic  
hymn, "God be with you 'till we meet  
again," the great audience joining in,  
and after the benediction was pro-  
nounced as the service was dismissed,  
the great mass chorus choir sung one of  
the most popular hymns of the revival  
as the crowd left the building, many of  
whom has pressed toward the platform  
to bid Dr. Riley and Professor Martin  
farewell.

That's the house the Doctor built,  
The biggest house you see;  
Thank goodness he don't get our money,  
For we take Hollister's Rocky Moun-  
tain Tea.

H. P. Dunn & Co.

Notice to All

Notice is hereby given that the gro-  
cery store at the corner of Sixth and  
Laurel streets, which under the man-  
agement of J. F. Dykeman was on the  
unfair list by the retail clerks' union,  
has been purchased by Brockway &  
Parker, who have always run a union  
store, and the store is now declared fair.  
By order of the Retail Clerks' union.

NORTH LONG LAKE.

Nearly every one is busy getting up  
wood.

H. C. Hughey was a Brainerd caller  
Tuesday.

The Linskog children are sick with  
the measles.

Elizabeth Thompson returned from  
Bemidji last week.

Frank Taylor is hauling cord wood to  
the Brainerd flour mill.

Alvin Albertson went to town with a  
load of wood Tuesday.

The attendance at school is very good  
in spite of the cold weather and storms.

Lillie B. Myers and Elizabeth Thomp-  
son visited the school Tuesday after-  
noon.

Walter Lang went to town Monday  
to see about getting work in the N. P.  
shops.

Mrs. Hughey and Miss Chase were  
calling on Mrs. Wm. Johnston Sunday  
afternoon.

Jennie Gibb went to Minneapolis last  
week to visit her sisters. She expects  
to be gone about two months.

J. Edgar Hughey and Ethel F. Chase  
spent the other Saturday and Sunday  
with Mr. and Mrs. J. A. Peterson, at  
Esdon.

Mr. and Mrs. P. S. Taylor and son,  
Lloyd spent Sunday at their daughters,  
Mrs. C. W. Wheeler, in the south part of  
our town.

Mr. and Mrs. R. B. Thompson spent  
Sunday with Mrs. Thompson's father  
and mother, Mr. and Mrs. F. Caghey,  
in Daggett Brook.

Wm. Thompson is confined to the  
house with a very sore leg caused by  
one of his horses stumbling in the deep  
snow and striking him with a sharpe  
shoe.

COUNTRY COUSIN.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot  
reach the seat of the disease. Catarrh is a blood  
or constitutional disease, and in order to cure it  
you must take internal remedies. Hall's Catarrh  
Cure is taken internally, and acts directly on the  
blood and mucous surfaces. Hall's Catarrh Cure  
is not a quack medicine. It was prescribed by  
one of the best physicians in the country for  
years and is a regular prescription. It is com-  
posed of the best tonics known, combined with  
the best blood purifiers, acting directly on the  
mucous surfaces. The perfect combination of  
the two ingredients is what produces such won-  
derful results in curing catarrh. Send for testi-  
monials free.

P. J. CHENEY & CO., Toledo, O.  
Sold by all Druggists, 75c.  
Take Hall's Family Pills for constipation.

ROUTE NO. 2.

Here we are again.

The young people of Swelland spent  
Monday evening at Olson's.

Oscar Olson will soon leave for Du-  
luth, having visited his folks for a while.

Ole Swelland was hauling hay last  
week which he purchased from Andrew  
Peterson.

J. Mjones was ill with a cold last week  
but is able to be out again and attend to  
his work.

The scarlet fever has been quite bad  
in this locality, as quite a few families  
have been afflicted with it.

Knute Nisheim and Pete Valler are  
getting their saw mill ready and will  
soon be able to turn out lumber.

A SUBSCRIBER.

Itching, bleeding, protruding or blind  
piles yield to Doan's Ointment. Chron-  
ic cases soon relieved, finally cured,  
Druggists all sell it.

GUARANTEED STOMACH REMEDY.

H. P. Dunn & Co. Will Refund Money  
If Mi-o-na Fails to Cure.

You may ask why it is that Mi-o-na  
stomach tablets are sold by H. P. Dunn  
& Co. under a guarantee to refund the  
money unless they cure, when no other  
treatment for stomach troubles is sold  
in this manner.

The answer is simple and conclusive.  
Other medicines for stomach troubles  
merely digest the food, while Mi-o-na  
strengthens the whole digestive system  
so that it soon becomes able to care for  
all the food that is eaten.

If you do not use your arm or leg for  
a month the muscles become flabby and  
weak and you have to resort to artifi-  
cial help. It is the same way with the  
stomach muscles. If they are not used  
they become so weak that it is neces-  
sary to continue using a digestive tablet  
with the food you eat.

On the other hand, when you use  
Mi-o-na, your stomach soon grows so  
strong that you can give up the use of  
medicine.

Mi-o-na costs 50c a box and does more  
real good than a dozen boxes of ordinary  
digestive tablets. The proof of this is  
shown in the fact that a guarantee, ab-  
solute and unqualified, is given by H. P.  
Dunn & Co. with every box of Mi-o-na.

#### DIE IN PRUSSIAN MINE

FROM ONE HUNDRED AND FIFTY TO THREE HUNDRED MINERS MEET DEATH.

#### TWO EXPLOSIONS OCCURRED

RESCUERS OF VICTIMS OF THE FIRST EXPLOSION KILLED BY THE SECOND.

Saarbrueck, Rhinish Prussia, Jan. 31.—A fire damp explosion occurred in the morning in the Reden coal mine at St. Johann-On-Saar, opposite Saarbrueck, and caused the loss of from 150 to 200 lives. The Reden mine is owned by the Prussian government.

Up to 6 o'clock p. m. seventy-seven bodies had been brought to the surface and fifty-six corpses were known to be still under ground. Only fifty five men up to the present time have been brought out, and of these the doctors say at least thirty-five will die, as they are frightfully injured through having been hurled against the walls of the galleries by the force of the explosion.

An official report says the number of dead cannot exceed 160.

Immediately after the explosion rescue workers were hurried from all the adjacent mines and boldly entered Reden shaft in great numbers. The work of rescue has been greatly hampered by the poisonous gases resulting from the explosion and by a fierce fire that broke out immediately afterwards. During the afternoon the efforts at rescue had to be suspended for these reasons, and the rescue workers had to be ordered out of the mine.

After all rescuers had reached daylight, according to one version, a second terrible detonation was heard underground. But according to another report many of the rescuers were still below when the second explosion occurred, and it is estimated that the casualty list from the two explosions reaches a total of 300 men.

It is regarded as certain that the lowest levels of the mines are completely wrecked, and the inspectors are deliberating upon further measures to get control of the fire. The managers are discussing the advisability of flooding these levels as the only means of extinguishing the flames. It is believed that all the men who were in the lower levels asuredly are dead. It will take a full week to enter and explore the mine.

The disaster occurred 2,300 feet under ground. It is the greatest mining catastrophe ever known in the Saar region.

About 600 men entered the mine for the day shift, but about 400 of them escaped through the Bildstock shaft.

#### Slowly Crushed to Death.

Cincinnati, Jan. 29.—Caught in the jaws of a powerful rag shredding machine, Stephen Altmeyer, aged thirty-five years, was slowly crushed to death. His fellow employees were unable to aid him and his entire body was dragged into the machine before the engines could be stopped.

#### SENSATIONAL TESTIMONY.

Brought Out by the Government in the Harriman Merger Case.

San Francisco, Jan. 31.—Testimony of a sensational character was brought out by the government at the hearing of the Harriman merger case before Interstate Commerce Commissioner Lane.

W. A. Bissell, assistant traffic manager of the Santa Fe system and a director in the Western Pacific railroad, conceded under oath that the Santa Fe and Southern Pacific managements are observing an unwritten agreement whereby they share equally the citrus fruit traffic of Southern California, each scrupulously avoiding any intrusion into the other's territory after the fruit has been packed.

R. A. Graham of New York, formerly manager of the Oregon-Oriental Steamship company, agreed to produce as evidence a letter which he testified he had received from Benjamin Campbell, traffic manager of the Oregon Railroad and Navigation company, peremptorily cancelling a traffic contract between the two companies because the latter road had acquired a fleet of steamships and refusing to longer give Graham's company any traffic or the use of Oregon Railroad and Navigation company docks at Portland or rail rates other than the full local traffic.

#### Burns Defeats Hackenschmitt.

Omaha, Jan. 31.—Farmer Burns defeated Charles Hackenschmitt in a wrestling match here. Burns won the first bout catch-as-catch-can in 24½ minutes. Hackenschmitt took the second, Graeco-Roman, in 31 minutes. Burns won the third, catch-as-catch-can, in 24 minutes.

#### MARKET QUOTATIONS.

##### Minneapolis Wheat.

Minneapolis, Jan. 30.—Wheat—May, 80½¢@81¢; July, 81½¢@81¾¢; Sept., 78½¢@79¢. On track—No. 1 hard, 85¢; No. 1 Northern, 83½¢; No. 2 Northern, 81¢@81½¢; No. 3 Northern, 79¢@79½¢.

##### Duluth Wheat and Flax.

Duluth, Jan. 30.—Wheat—To arrive on track—No. 1 hard, 83¢; No. 1 Northern, 82½¢; No. 2 Northern, 80½¢; May, 81¼¢; July, 81¼¢; Sept., 79½¢. Flax—To arrive, on track, in store and Jan., \$1.22; May, \$1.23½¢; July, \$1.23½¢.

#### ELECTRIC RAILROADS

HOUSE MEASURE WOULD FACILITATE THEIR CONSTRUCTION IN THE COUNTRY.

BILL IN SENATE TO AMEND CONSTITUTION TO GRANT WOMAN SUFFRAGE.

St. Paul, Jan. 31.—A bill primarily intended to facilitate the building of electric railways in the country and making general regulations for street railways going outside city or village limits, was introduced in the house by N. F. Hugo of Duluth. The rights of trolley lines to build through country districts have hitherto been somewhat in doubt.

The bill provides that any railway now or hereafter organized under the laws of the state is empowered to construct, operate and maintain a railway in the territory outside the corporate limits of cities or villages and over, on and along any road, highway or private property, and have power to carry passengers and freight for compensation, and, with the consent of the city or village authorities, to establish and connect its lines with a central station in the city or village for the receipts of freight and for passengers.

Before tracks are laid on a public highway outside the corporate limits, permission must be obtained from the county commissioners and right of way through private property must be obtained with the consent of the owners or if this cannot be secured then through condemnation proceedings.

No track shall be laid on a highway already occupied by the tracks of another street railway or railroad, except under the laws now provided for intersections of railroads.

#### Would Extend Probation.

The extension of the probation system for juvenile delinquents to all counties of the state is the aim of a bill introduced in the house by W. L. Case of Cloquet. The bill provides for probation officers in counties of less than 50,000 and with the exception of the salary provisions is practically the same as the present law establishing such systems in counties of more than 50,000.

A state normal school at Bemidji is established by a bill introduced in the house by J. J. Opsahl of that place. The establishment of the school is condition on the gift of a suitable tract of not less than five acres by the city within twelve months. The bill does not provide any appropriation but leaves this to the general appropriation bill.

The house committee on express, telegraph and electric railways reported recommending the adoption of the resolution introduced by Donald Robertson of Argyle calling for a committee to investigate express rates. The report was adopted and the resolution now goes to the senate.

The resolution of S. O. Morse of Slayton for the payment of \$250 to legislative members for incidental expenses was withdrawn by the author with the consent of the house. The committee had referred the resolution to the attorney general, but the author asked that it be recalled and referred to him, which the house consented to.

Senator S. A. Nelson of Lanesboro introduced a bill raising the retail liquor license fee to \$1,000 all over the state.

#### To Establish Commodity Rates.

Senator Albert Schaller of Hastings wants the legislature to take a hand in the matter of the establishment of the commodity rates which are the subject of injunction proceedings in the federal courts, and to this end he introduced a bill in the senate which makes the rates attempted to be established by the railroad and warehouse commission on Jan. 25, effective by legislative enactment thirty days after the passage of the bill. The rates were made effective on Jan. 25 by the commission, but the railroads secured a federal injunction restraining the commission from enforcing the rates on the ground that they are confiscatory and take away the property of the railroads without due process of law. The injunction proceedings are pending in the courts, and Senator Schaller's bill aims to make the rates effective notwithstanding the court proceedings.

Senator Virgil B. Seward of Marshall introduced a bill for a constitutional amendment providing for woman suffrage. The amendment relates to that section of the constitution which designates the qualification of electors and simply drops the word "male" at the beginning of the section so that it reads, "Every person of the age of twenty-one years," etc. The amendment is to be submitted to the voters at the next general election in 1908.

Senator Sageng of Dalton introduced a resolution requesting the Minnesota senators and representatives in congress to use all honorable means to defeat the ship subsidy bill. Senator Laybourn gave notice of debate and the resolution was laid over.

Decision in the election contest of J. Dinegre against J. D. O'Brien will be deferred another week at least and may take the entire session. The committee on elections reopened the whole matter by moving to reconsider the report decided upon last week, by which O'Brien was seated by one vote.

#### A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. "The Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has the BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

#### ABOUT SIXTY KILLED

VICTIMS OF STUART MINE ACCIDENT NOT SO NUMEROUS AS FIRST REPORTED.

Charleston, W. Va., Jan. 31.—Late advices received from the scene of the disaster at the Stuart company's mines at Stuart, is that the number of victims will be about sixty instead of seventy-five or eighty, as was first estimated. The list of those known positively to have been in the mine at the time of the explosion includes 38 white miners and 10 colored miners. Besides these there were a number of foreigners whose names are not known.

Three bodies mutilated beyond recognition have been recovered from the mine. The rescuers are now within a few feet of the bottom, but there is not the remotest chance that any of the men will be recovered alive. A man who witnessed the explosion said that a mass of flame shot forth from the mouth of the shaft, which is almost 600 feet deep, and with the debris that came out there were hats, caps, dinner buckets and other effects of the miners. From what has been learned there is not the least doubt but that the mine was completely wrecked.

At the mouth of the shaft wives, mothers and children are standing about, some of them not having left since Tuesday, when the explosion occurred. They are urging the rescuers forward, hoping against hope that their loved ones may be still alive.

A majority of the men in the mine when the explosion occurred were Americans and married. Their wives and children are almost insane with grief.

#### NEGRO CHOKED A NEWSBOY.

And Pittsburghers Tried Hard to Lynch the Colored Man.

Pittsburg, Jan. 31.—C. A. Jackson, a negro, bleeding from many wounds on the head, is locked up in the central police station following an attempt to lynch him at night by a crowd in the heart of the business district.

A number of negroes who tried to protect Jackson were roughly used by the mob.

The trouble originated when a newsboy asked the negro to buy a paper. Jackson shoved him into the street. The boy threw a stone and struck Jackson on the head. The negro caught and began choking the boy. Someone cried "lynch the nigger," and hundreds of men and boys rushed upon Jackson. Canes, stones, rolled-up newspapers and closed fists were the chief weapons used. Police and firemen rescued Jackson and dispersed the mob.

#### How to Cure Chillsblains.

"To enjoy freedom from chillsblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at H. H. Dunn & Co.'s drug store.

#### FOOLING THE PEOPLE

Abraham Lincoln said you can fool some people all the time, you can fool all the peoplesome times, but you can not fool all the people all the time.

#### Bell Coffee

is the coffee that stays by the people all the time. It is sold in moisture and dust proof packages, a special blend of the best South American Mocha and Java and is selected by a special agent of J. H. Bell & Co., from private growth plantations. It is superior to any offered heretofore at a moderate price.

People have found that Bell Coffee is a little better than most coffee at the same price, and while some merchants may refuse to sell it, because they can make more on something else.

People who insist on having Bell Coffee will find that merchants can supply them.
